

Cluster Courtesy Light

INSTALLATION INSTRUCTIONS

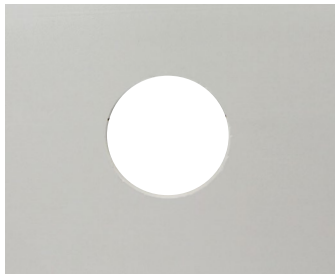

Part#: 69600

PARTS NEEDED:			
			
Courtesy Light	Mounting Screws	Power Drill w/ Hole Saw Bit	Butt Splices

Safety Instructions

- Disconnect power before installing, adding or changing any component.
- To avoid a hazard to children, account for all parts and destroy all packing materials.
- Do not install any luminaire assembly closer than 6" from any combustible materials.
- It is recommended that fuse protection be added to the positive (+) input.

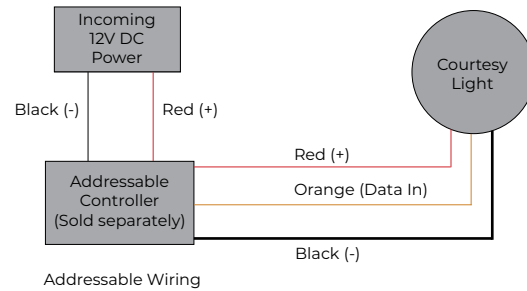

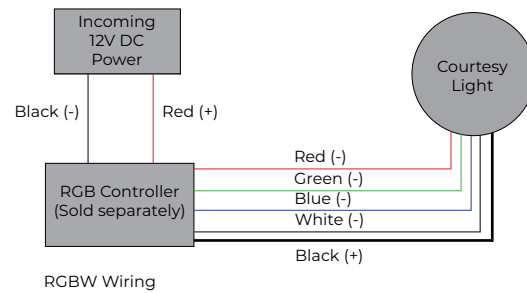

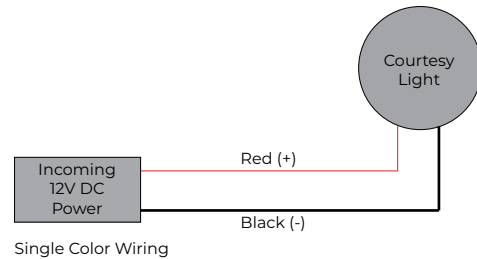

1. Determine where your LED light fixture will be installed. Once determined, drill a 2" hole using a hole saw.

2. Mark location of screw holes and pre-drill. Screw in fixture and snap bezel onto the light.

3. Use the wiring diagram below to wire the light to the units power. Test the light.

Note: A data out line can be added for daisy chaining as needed. Contact sales for more information.
